## Let's Grow Our Membership!

By George Granade  
August is Rotary International's Membership and New Club Development Month - what better time for each of us to imagine how we can make our clubs stronger, tell our stories better, and introduce new people to our world of fellowship and community service. One of RI President Jennifer Jones requests is for districts to grow membership by increasing the number of club members and by creating two new club models - like the satellite clubs we have in place in Stone Mountain and Roswell, for example. She also would like to see women represent 30% of our total membership by Rotary year end; here in District 6900 we are already at 29.1%! There are several avenues for assistance on finding new members.
